

THE FACILITY

Zack Farber

Zack brings over ten years of coaching experience where he has coached a wide variety of ages for both Baseball and Softball. A native of the Bronx, Zack was a three-time NYS AIS all-state selection in high school before shifting his focus to coaching. Zack is both On Base University and K-Motion certified — incorporating 3D motion capture technology, 2D video analysis, and mobility testing to dissect a hitter's swing. The data-driven approach can help pinpoint the root cause of potential swing issues. Zack is currently a coach for the Saugerties HS varsity softball team and the 16u Saugerties Sonics.
